Disney
MOANA

Based on active play through storytelling, FAW have committed to bringing a host of Disney stories to life by introducing the inspiring UEFA Disney Playmakers Programme to schools across Wales.

With stories like Incredibles 2, Frozen 2 and Moana, this programme allows girls aged 5-8 to try football for the first time in a fun and safe environment. Allowing girls and their teachers to work together to learn new skills, support, encourage and more importantly enjoy football.

Not only does this programme provide opportunity to learn the basic football skills. In line with the curriculum in Wales this programme supports the girls to become ambitious and capable learners through the development of specific life skills and the understanding of specific values to create creative, confident contributors with an understanding of the importance of physical literacy.

Each session provides the girls the opportunity to:

- Become creative decision makers when setting the scene.
- Challenge, support, communicate and encourage each other through working as a team to perform the drills.
- Solve problems that arise throughout the story, whilst facing and overcoming challenges.
- Lead and play different roles within the story as individuals and as a team.
- Express ideas and emotions through designated reflection time.
- Build their mental and emotional well-being through developing lifeskills such as confidence, resilience and empathy.
- Take part in physical activity.
- Form positive relationships with teachers, peers and children in different year groups.
