Governing Body Endorsement Requirements for Men's Football**

**THE FOOTBALL ASSOCIATION OF WALES
MEN'S FOOTBALL - POINTS BASED SYSTEM
2025/2026 SEASON**

The Regulations and criteria set out in this document will apply for the 2025/26 season and will be effective from 1 June 2025. The criteria will be reviewed across the 2025/26 season in order for revised criteria to be issued in advance of the summer transfer window in 2026.

For any queries regarding these criteria or the application process, please contact Player Registrations Department registrations@faw.co.uk.

The FAW is the approved governing body for Football in Wales. The FAW has the ability (subject to other requirements being met) to issue a Governing Body Endorsement for a player, coach or manager who is intended to participate in any of the following:

- any match that has been organised and/or sanctioned by the FAW, FIFA or UEFA;
- any match that has been organized by either The Cymru Premier League, Cymru North and Cymru South Leagues and that has also been sanctioned by The FAW; or
- any match or category of match whereby consent of the FAW has been given for that player, coach, or manager's club to play.

Please note that this guidance should be reviewed in conjunction with the relevant advice issued by the Home Office. The FAW is not registered to give advice on immigration routes or processes or to advise on an individual's immigration status and clubs should fully apprise themselves of their duties and responsibilities as sponsors. Information on aspects of immigration policy and law can be found on the Home Office website at www.gov.uk/browse/visas-immigration. You may also wish to seek advice from an Office of the Immigration Services Commissioner (OISC) registered advisor or someone who is appropriately qualified but otherwise exempt from such a registration requirement, for example, a qualified solicitor. The UK Visas and Immigration Centre can be contacted on 0300 123 2241.

If a club is seeking a GBE during a transfer window, any application should be submitted to the FAW by midday on the relevant transfer deadline day (at the latest) in order for the FAW to process the application that day. If a club signs and registers a Player who does not have a GBE, it should do so in the knowledge that the Player may not be granted a GBE if his application does not comply with the terms of these criteria and the Player may not be able to undertake any employment duties for the applicant club. Clubs are also advised to allow sufficient time for entry clearance or permission to stay to be granted. The time taken may vary depending upon where the player is making his application from. A guide to visa processing times is available on the Home Office website at: www.gov.uk/visa-processing-times.

Please note that an individual's personal and immigration history may be taken into account when their application is being considered.

Consideration will be given to the following when applying the criteria: injury; a period of maternity or paternity leave; serious illness or any legitimate medical reasons; suspension; international duty; bereavement; or family crisis.

The Football Association of Wales
Governing Body Endorsement Requirements for Men's Football

In order to obtain the GBE, the individual must not be subject to a provisional suspension or any unexpired period of ineligibility from playing and/ or coaching activities in any jurisdiction as a result of being charged with or found guilty of a corruption offence and/ or a doping offence and/ or another misconduct.

Clubs are reminded the onus is on them to ensure they are acting legally within the Immigration Rules and they must ensure any individual they wish to employ holds the right to work in the UK. Further information regarding a sponsor's duties can be found here:

We confirm we have acted in full compliance with the principles of the Code during this annual review.

Prior to contacting the Home Office during the annual review of this criteria, the Football Association of Wales confirm that full consultation has been carried out, this includes any organisation that could be interpreted as an interested party, such as clubs, bodies, or player associations related to football in the UK. GOVERNING BODY ENDORSEMENT REQUIREMENTS

GBE STATUS

1. These Regulations will apply to players registering for Welsh Clubs save that, subject to the proviso below these Regulations will not apply to a Player registering for a Welsh Club participating in competitions under the jurisdiction of The Football Association ("The FA"). For the avoidance of doubt players registering for these clubs will be subject to the relevant Regulations of The FA.
2. A club must obtain a GBE from the FAW before a migrant is permitted to undertake any employment duties for the club (including participation at training and in friendly matches). A migrant can register for a club without a GBE but, in order to play/ manage any football or undertake any employment duties for the club (e.g. participation at training and in friendly matches), he must have obtained a GBE, been assigned a Certificate of Sponsorship by that club and secured permission to stay under the International Sportsperson route (ISP) of the PBS (subject to satisfying any other eligibility requirements of the FAW and any competitions the club participates in).
3. If an individual undertakes any employment duties for the club without satisfying the eligibility criteria in paragraph 2 above this will be a breach of these Regulations and a breach of the FAW Rules and the individual and the club for whom that individual undertakes employment duties will have committed a disciplinary offence. In those circumstances the FAW will impose whatever sanction it deems appropriate in accordance with FAW Rule 46.
4. If an individual plays in an Official Match without satisfying the eligibility criteria as referred to in paragraph 2 above this will be a breach of these Regulations and the FAW Rules and the individual and the Club for whom that individual appears will have committed a disciplinary offence. In these circumstances the FAW will impose whatever sanction it considers appropriate in accordance with Rule 46 of the FAW Rules and which, for the avoidance of any doubt, may include whatever measures are necessary to rectify the sporting consequences of such breach.
5. If an individual provides managerial or coaching services in an Official Match without satisfying the eligibility criteria as referred to in paragraph 2 above this will be a breach of this Regulation and the FAW Rules and the individual and the Club for whom that individual provides the services will have committed a disciplinary offence. In these circumstances the FAW will impose whatever sanction it considers appropriate in accordance with Rule 46 of the FAW Rules which, for the avoidance of any doubt, may include whatever measures are necessary to rectify the sporting consequences of such breach.
6. A club can apply for a GBE for a migrant at any time during the Season. In order to apply for a GBE, a club must hold a valid Sponsor's Licence under ISP of the PBS. In order to apply for and obtain a valid Sponsor's Licence, a club must have obtained an endorsement letter for a Sponsor's Licence from the FAW. If a Club's Sponsor's Licence is revoked, any migrant who has obtained a GBE in order to play for/

The Football Association of Wales
Governing Body Endorsement Requirements for Men's Football

manage the Club may have his permission curtailed and may have to make a change in employment application which must be granted before the migrant can undertake any employment duties for the new club.

7. FAW Governing Body Endorsements will only be issued to Clubs in membership of either The Cymru Premier League, Cymru North and Cymru South Leagues. Clubs are not permitted to field Players unless:
 - a) The Player has been granted a GBE by the FAW and has been granted a visa under the ISP route.
 - b) The Player has obtained a visa outside the GBE system which permits participation as a professional sportsperson; and
 - c) The Player's employment by the club complies with the terms and conditions of their visa and any relevant immigration law, including the Immigration Rules (or any successor legislation), and including but not limited to in relation to the requirements regarding professional sportspersons.

All other Men's Leagues under the jurisdiction of the FAW including Reserves and Youth Leagues are Amateur Competitions and no GBE is required to participate. This includes participation for Amateur teams operated by Professional Clubs in Area Association competitions. This is subject to the individual remaining compliant with their visa conditions and participating as an "Amateur" rather than a "Professional Sportsperson" as defined in the Introduction of the Immigration Rules.

8. If the FAW grants an application for a GBE for a migrant in accordance with these criteria, the club is permitted to assign a Certificate of Sponsorship to the migrant for the period covered by the GBE. The GBE must be presented to the Home Office when the club applies for entry clearance on behalf of a migrant, which must be done within 3 months of a Certificate of Sponsorship being assigned. Any Certificate of Sponsorship and a copy of the migrant's biometric residence permit must be submitted to the FAW by the club within 3 months of being assigned. Clubs must keep a copy of the relevant page of the migrant's passport evidencing their entitlement to work and contact details for the migrant, which must be provided to the FAW upon request. The club will also have to comply with any other criteria set by the Home Office in order to secure permission to stay under ISP of the PBS.
9. A GBE under ISP of the PBS will be granted for three years or the length of the migrant's contract (whichever is shorter). A migrant will not be eligible to play for/ manage the club beyond the expiry date of the GBE unless the club has applied for and obtained an Extended GBE before the existing GBE has expired in accordance with these criteria and the PBS.

Extensions to or transfers of a GBE

10. A migrant who has been granted a GBE under ISP (short term) of the PBS can apply (in country) to transfer to a GBE under ISP (long term) of the PBS., If a migrant is applying under ISP (long term) they must meet the English language requirement of the Immigration Rules (i.e., provide a pass certificate, or other written confirmation containing an appropriate reference number, from an accredited English language

The Football Association of Wales
Governing Body Endorsement Requirements for Men's Football

test centre).

11. If a Club wishes to retain the services of a migrant beyond the period of their FAW Governing Body Endorsement, the Club must send a new application before the migrant's permission to stay expires. If the criteria are satisfied, an Extended GBE under ISP of the PBS can be obtained for three (3) years or the length of the migrant's contract (whichever is shorter). Where the migrant does not satisfy the criteria, the FAW will consult with the other Relevant Football Bodies by email, providing any details put forward by the Club in favour of that individual. If it is their unanimous recommendation that the application does not need to be considered by a panel, then the case can be processed without.
12. If the Relevant Football Bodies do not unanimously agree to the renewal, then the Club may request that it be considered by a panel.
13. A Club wishing to sign a migrant who has been granted a FAW Governing Body Endorsement through another Club must send a new application for a governing body endorsement to the FAW. If the criteria are satisfied, a FAW Governing Body Endorsement will be issued for a maximum of three (3) years in respect of their employment with the new Club. If the criteria are not satisfied, the FAW will consult with the Relevant Football Bodies by email, providing any details put forward by the Club in favour of the migrant, such as their appearance record for that Club and details of how far they meet the criteria. If it is their unanimous recommendation that the application does not need to be considered by a panel, then the case can be processed without. If any party expresses concern about the application, an appeal panel will be required.
14. If a migrant is intending to change employer, their new employer must request a new FAW Governing Body Endorsement. The endorsement can be issued for the length of the contract or to the maximum period permitted within the category, whichever is the shorter. The new employer must assign a new certificate of sponsorship to the migrant to allow them to apply to the Home Office for new permission to stay. Permission to stay must be granted before the migrant can start work with the new employer.
15. The club must inform the Home Office within 10 days if a Player:
 - a) does not turn up for employment;
 - b) is absent for more than 10 working days without permission;
 - c) has his contract terminated during the period that a GBE is effective;
 - d) is no longer sponsored by the club for any other reason; or
 - e) experiences significant changes in his circumstances (such as a change in job title, salary or location of employment).
16. The club must also inform the Home Office if there is a change of circumstances at the club within 20 working days. A change in circumstances might include changes of name, address or contact details, changes in structure (including mergers, takeovers and de-mergers), changes in financial circumstances (such as administration,

The Football Association of Wales
Governing Body Endorsement Requirements for Men's Football

receivership, company voluntary arrangement, debt arrangement scheme, liquidation or sequestration).

Temporary Transfers/Loans

17. Loans are only permissible within the migrant's current period of approval and should not be used to avoid making extension or change of employment applications.
18. If a Player is loaned from a Welsh Club to another Welsh Club (a "Domestic Loan"), no GBE application will be required by the loanee club. If a Domestic Loan is made permanent, the new club will be required to submit an application for a GBE (which must comply with the requirements set out in these criteria). If the GBE is granted, the player will need to make a change of employment application. Provided the Domestic Loan continues until the date on which the change of employment application is granted, the Player can continue to play for the new club in the interim period
19. If a migrant who has been granted a GBE in accordance with these criteria is moving to another Club, (either in the UK or abroad) on a loan basis during the period of validity of the GBE, the migrant's parent Club must notify the Home Office of the temporary transfer and the change of location via the Sponsor Management System within ten (10) working days (regardless of the jurisdiction in which the loanee club is based).
20. For the duration of the loan period, the loaning Club retains overall responsibility for the migrant as his employer and sponsor and the migrant is granted permission to move temporarily under the provisions of his current permission, provided that the Certificate of Sponsorship assigned by the loaning Club is valid for the duration of the loan period. This means that where the loan is to another Club within Wales, neither the parent Club nor the loaning Club has to send a new application for a governing body endorsement to the FAW. Where the loan is to a Club within another Home Association, or another National Association, the migrant will have to satisfy that association's governing body endorsement process.
21. When the migrant returns to their parent Club after the loan period, the migrant does not need to be assessed again against the entry criteria and may simply resume their employment with their original Club (provided that their FAW Governing Body Endorsement remains valid beyond the date of their return), on the basis that the migrant has an existing Certificate of Sponsorship and has already met the entry requirements at the beginning of their employment with that Club.
22. Any migrant joining a Welsh Club on loan from an overseas Club (outside the UK) must meet all the requirements of ISP and therefore an application must be submitted to the FAW. International loan migrants are also subject to appeal panels if they do not meet the criteria.
23. GBEs will not be issued in respect of migrants who are trialling with a Welsh Club. If a Club wishes to trial a migrant, it should contact the Home Office.

APPLICATION PROCESS

24. An administration fee of £200 (plus VAT) will be charged for each application for a FAW Governing Body Endorsement issued to any Club participating in The Cymru Premier League, Cymru North and Cymru South Leagues.
25. A club must submit an application for a GBE to the FAW Player Registrations Department along with any evidence in support of the application, including but not limited to:

 - b) If the Player is not already registered for the Club, an application for registration of said Player in accordance with FAW Rules and/or Regulations.
 - c) Written evidence to support any claim made by the applicant club that a Player was Unavailable for Selection for a particular match, including the reason(s).
 - d) If the Player is not a Youth Player, written evidence to support any claim made by the applicant club that exceptional circumstances prevented the Player from achieving 15 points (where appropriate, in accordance with paragraph 32).
 - e) Written evidence to support any claim made by the applicant club that a Youth Player has significant potential and is of sufficient quality to enhance the development of the game in Wales and justify the Exceptions Panel recommending that a GBE be awarded (where appropriate, in accordance with paragraph 36).
26. Migrants applying to come to the UK under either of the sporting categories above need to be sponsored by an organisation that has a sponsor licence under ISP.
27. An organisation wishing to sponsor such migrants must have a sponsor licence. Before applying to the Home Office for a license an organisation must be endorsed by the FAW. This endorsement confirms to the Home Office that the application for a licence is from a genuine football club (or equivalent) that has a legitimate requirement to bring migrants to the UK as sportspeople. Once licensed, an organisation can assign certificates of sponsorship to a sportsperson or coach with a

The Football Association of Wales
Governing Body Endorsement Requirements for Men's Football

job offer that allows them to apply for entry clearance or permission to stay in the UK. Each individual must also have a personal endorsement from the FAW before an organisation assigns the certificate of sponsorship.

28. The FAW will work within the Home Office code of practice for sports governing bodies and must comply with any immigration regulations, UK legislation and the principles of the Points Based System as detailed on the GOV.UK website.
29. If a Club prematurely ceases to employ a migrant who has a certificate of sponsorship, the Club must inform the Home Office.
30. Where a Club wishes to make significant changes to the terms and conditions of the migrant's contract, for instance to improve their salary or length of contract part-way through the approved period, the Club should notify the Home Office of this.
31. If a new application is required and the endorsement requirements are not met, the club must submit a summary of the migrant's domestic club appearances over the previous 12 months as well as any other information which the club deems to be relevant to its application. The FAW will at that stage consult with Relevant Football Bodies by email and in doing so will provide any details put forward by the club in support of the application. When considering the application and deciding whether the application should be granted, the FAW and the Relevant Football Bodies shall consider the information put forward by the club as well as any other information which they deem to be relevant in their absolute discretion which indicates whether the migrants remains of sufficient quality to be awarded a governing body endorsement. If a majority of the FAW and the Relevant Football Bodies recommend that a governing body endorsement should be granted, a Governing Body Endorsement will be issued. If a majority recommendation for approval is not given, a governing body endorsement will not be granted.

PLAYER'S CRITERIA

32. All Players shall be assessed in accordance with paragraphs 42-53.
33. The FAW will grant a GBE if the Player's International Appearances meet the Auto Pass Percentage set out in Table 1 of the criteria.
34. If a Player is not granted a GBE in accordance with paragraph 33 above, the FAW will grant a GBE if a Player achieves 15 or more points in accordance with paragraphs 42-53.
35. The Club may request that an Exceptions Panel consider the application if:
 - a) a Player achieves between 10 and 14 points in accordance with paragraphs 42-53 and if the Player is not a Youth Player, the Club can evidence that exceptional circumstances prevented the Player from achieving 15 points; or

The Football Association of Wales
Governing Body Endorsement Requirements for Men's Football

- b) If the Player is a Youth Player, the Club can evidence that the Youth Player shows significant potential and is of sufficient quality to enhance the development of the game in Wales.

Calculations

38. If a Player has played for two (or more) clubs during the Reference Period, or a Player is or has been a Free Agent during the Reference Period, the Player's Continental Minutes, Player's Domestic Cup Minutes and Player's Domestic Minutes (each, the "**Minutes**") will be calculated in accordance with paragraphs 39-40 below.
39. For each of the Minutes criteria, the applicant club should calculate a weighted average as follows:
- a) Calculate the number of days during the Reference Period the Player has been registered for each/any club or no club (as appropriate).
 - b) Calculate the percentage of the overall Reference Period that each of those periods of time represents.
 - c) Calculate the percentage of Minutes played as a proportion of the total Available Continental Minutes, Available Domestic Cup Minutes or Available Domestic Minutes (respectively).
 - d) Multiply each of the numbers at (b) by their corresponding number at (c).
 - e) Add each of the numbers at (d) to find the weighted average value for the Minutes.
40. If only one of the clubs played in a Continental Competition, the Player's Continental Minutes shall be the percentage the Player played in for that club.
41. If the calculation of a Player's International Appearances, Player's Domestic Minutes, Player's Domestic Cup Minutes or Player's Continental Minutes (or any other percentage) results in:
- a) a decimal number of .5 or higher, the number will be rounded up to the next whole number; or
 - b) a decimal number of lower than .5, the number will be rounded down to the next whole number.
